

Why Western Europe?

Great question and one that our missionaries get asked all the time. It's easy to think that Europe is a reached area that doesn't need missionaries any more.

But, check out these statistics:

% of Evangelical Christians

- **Ireland-** less than 1%
- **Spain-** less than 1%
- **Portugal-** less than 1%
- **France-** less than 1%
- **England-** less than 3% attend any church services regularly
- **Germany-** less than 2%
- **Italy-** less than 1%
- **Norway-** less than 3% attend any church services regularly

ABWE Western Europe Region

Our ABWE missionaries are partnering with local churches, training pastors and being a light for the gospel in countries where very few are proclaiming His name.

Would you pray for these countries?- Boldness for the missionaries and believers, soft hearts for God's Word, new missionaries to carry on the works.

For more information on what God is doing in these countries, please visit abwe.org and type the country name in the search bar.
